1. Introduction

The Department of Computer Applications at St. Wilfred's College of Computer Sciences (SWCCS) organized the "Mr. & Ms. AI – Fresher Hunt" event on 27th September 2025. The event welcomed the newly admitted MCA students and provided a platform for them to showcase their creativity, technical skills, and cultural awareness, while emphasizing the importance of Artificial Intelligence and Machine Learning (AI & ML) in modern technology.

2. Objective of the Event

- To welcome the new MCA batch and integrate them into the SWCCS community.
- To highlight emerging technologies such as AI & ML and their relevance for students.
- To encourage creativity, leadership, and confidence through interactive activities and competitions.
- To provide a platform for cultural expression, talent display, and social engagement.

3. Event Highlights

- **Interactive Session:** The event began with a session by **Mr. Rohit Kumar**, Senior Research Fellow at IIM Mumbai, on the importance of AI & ML in contemporary technology, industry, and research. He emphasized practical applications and encouraged students to explore AI-related projects.

5. Outcome

ST. WILFRED'S COLLEGE OF COMPUTER SCIENCES

Approved by AICTE, New Delhi | Affiliated to University of Mumbai

The “Mr. & Ms. AI – Fresher Hunt” event successfully introduced the new batch to the college environment, celebrated their talent, and provided exposure to AI & ML concepts. The combination of technical discussion, interactive rounds, and cultural performances fostered creativity, confidence, and a sense of belonging among students.
