Address:

Bappa Sitaram Road, Hatkesh, Sanghvi Nagar, Near MBMC Garden,

Mira Road, 401107, Thane, Maharashtra, India

About WILFRED'S

In the suburbs of Mumbai, there is an institution that is creating an ideal place for tech savvy students and gain knowledge and experience in the field of Information Technology and Computer Science. The Wilfred's Group of Colleges is a conglomerate of premiere educational institutions, driven by a single-minded focus on imparting quality education to build responsible citizens.

Established in the year 2000 in Jaipur, Rajasthan, with a mission to redefine the system of education, St Wilfred's Education Society is a professionally managed and multi-disciplinary hub of knowledge. Its premiere educational institutes conduct university accredited and autonomous courses.

Training is imparted throughout the year. Projects and assignments are given highest importance and students learn on the job. Application-oriented knowledge, garnered in the lecture theatre, is applied to industry assignments.

At Wilfred's thousands of students and faculty are involved in delivering unique learning systems, through ultra-modern infrastructure and academic rigour. Wilfred's Institutes are affiliations to the University of Mumbai, Directorate of Technical Education, All India Council of Technical Education, Pharmacy Council of India and Bar Council of India.

There are several institutes spread across 4 cities in state of the art campuses located in Jaipur, Ajmer, Navi Mumbai and Thane.

About OJAS

Ojas is a Sanskrit term meaning "vigor," and it is best understood as essential energy for the body and mind. It not only gives tissues strength and endurance, but it protects the health and vitality of cells, thereby influencing all bodily functions and physiological processes.

St. Wilfred's College of Computer Sciences, which provides Two Years Full Time MCA Programme, strongly believe in connecting with industry experts and collaborative learning. Under 'OJAS' MDP series, the faculty members and various eminent speakers will share their

knowledge with management experts and upgrade them on technology front which can be applied in their offices and they can take critical decisions easily.

The institute will conduct MDP training programs from time to time as per the new emerging technologies and their penetration in the various industry. The focus will be on imparting latest technical knowledge to the working professionals of the country who are in the mid of their carriers and want to learn from home after their office hours.

Objective of Online Job-oriented Advanced Supplements (OJAS)

- Focus on a healthy and skilled mind-set
- Having all vital knowledge to sustain in the current digital world
- Build strength and use it for the organizations goal
- To develop longevity at workplace
- Develop immunity towards outside world
- Develop emotional wellbeing
- Become mindful with spiritual growth

**PROF.(DR) SHUBHI LALL
AGARWAL
DIRECTOR, SWCCS**

MS. SATHIYABAMA

SESSION 1 - 9.30 AM - 11.30 AM 28/06/2025
**IOT - BASED INTELLIGENT INDUSTRIAL
MONITORING AND CONTROL SYSTEM**

MS. AMNA SHIPRA

SESSION 2 - 11.40 AM - 1.40 PM 28/06/2025
**UNDERSTANDING HUMAN LANGUAGE WITH
NATURAL LANGUAGE PROCESSING**

MS. FIROZA MIRZA

SESSION 3 - 2.30 PM - 4.30 PM 28/06/2025
AI FOR EVERYONE

SESSION 4 - 10.30 AM - 12.30 PM 29/06/2025
AI TOOLS IN DAILY USE

SESSION 1: IOT Based Intelligent Industrial Monitoring and Control System

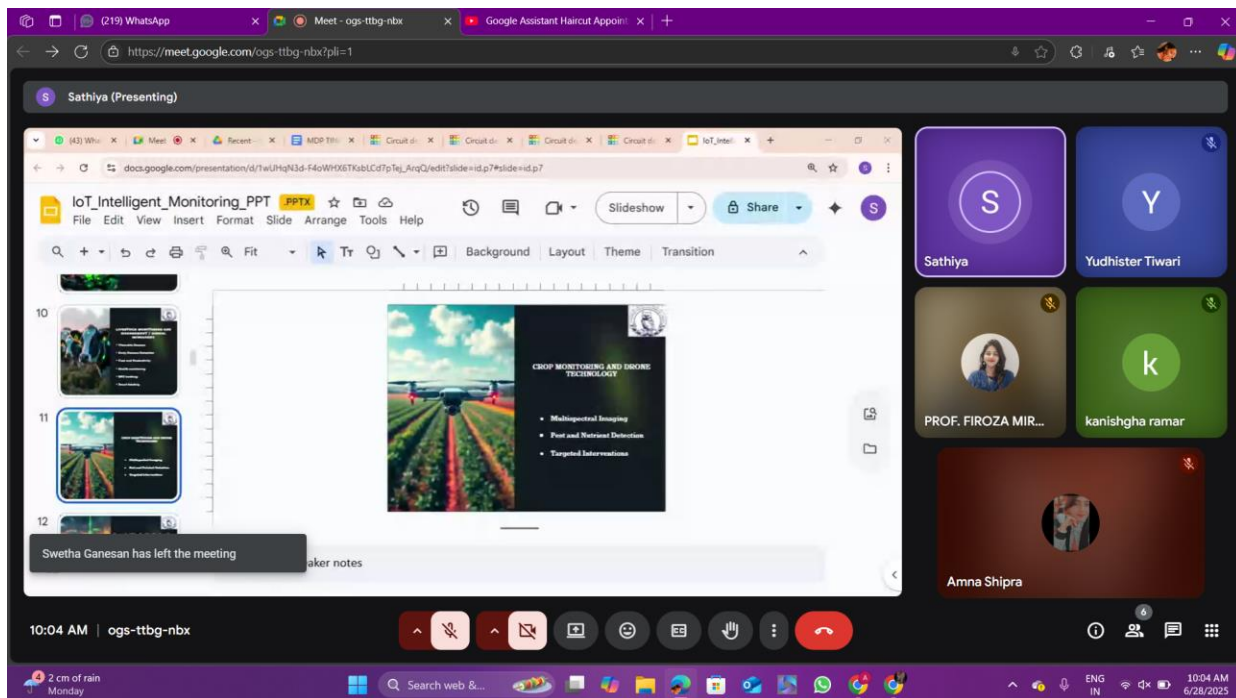

Objectives:

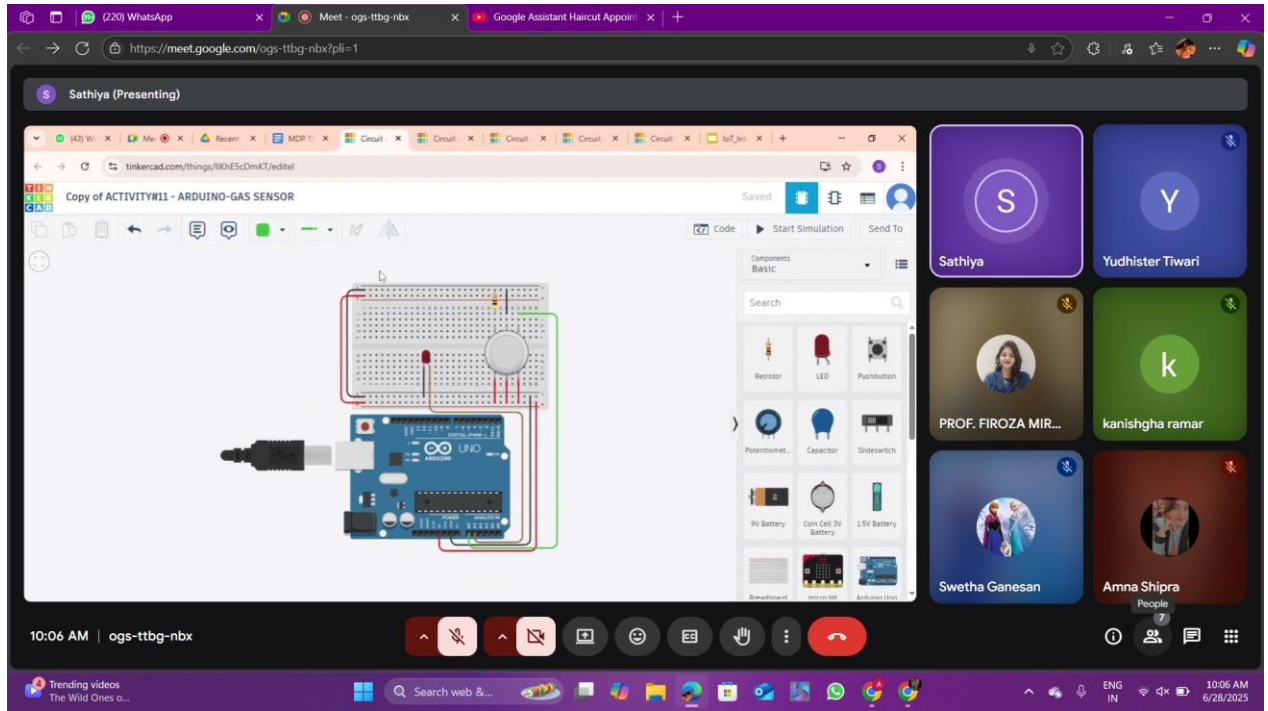

- To provide participants with a comprehensive understanding of IOT Based Intelligent Industrial Monitoring and Control System
- To enhance practical skills through interactive discussions and activities.
- To inspire innovative thinking and problem-solving approaches.

Key Takeaways:

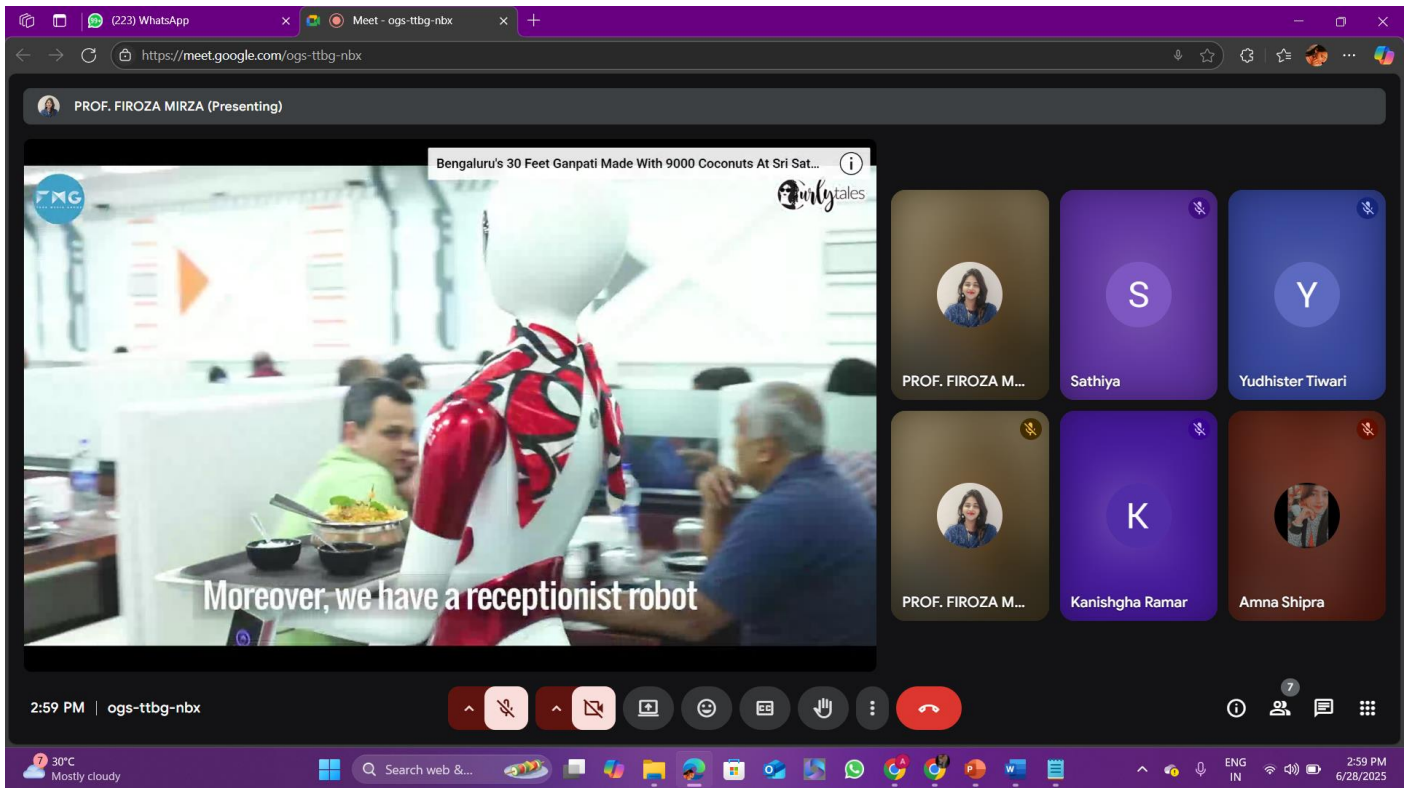

The session on IOT Based Intelligent Industrial Monitoring and Control System provided participants with the following insights:

- A detailed understanding of IOT, its principles, and working mechanisms.
- Key applications of IOT Based Intelligent Industrial Monitoring and Control System

SESSION 2: Understanding Human Language with Natural Language Processing

Objectives:

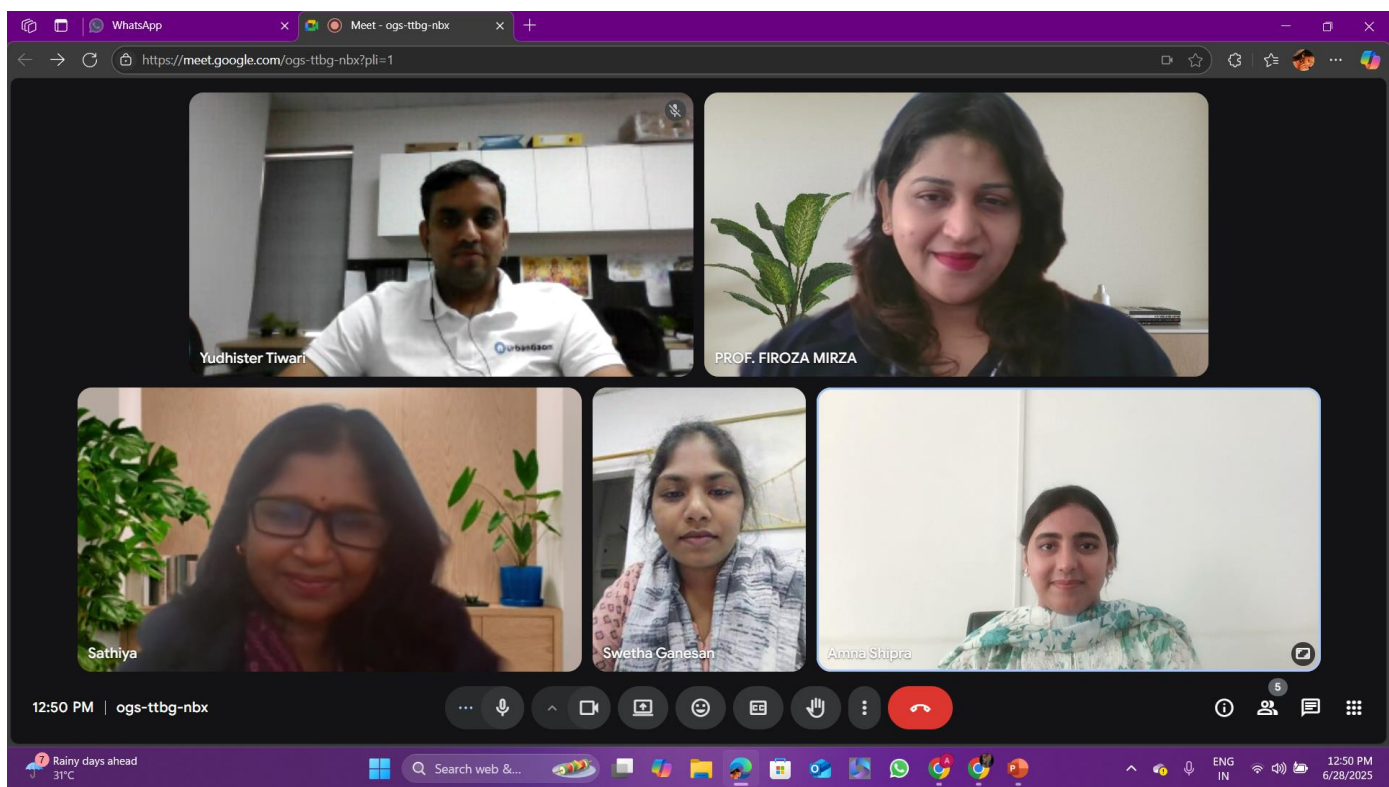

- To provide participants with a comprehensive understanding of programming languages
- To enhance practical skills through interactive discussions and activities.

Key Takeaways:

Key Takeaways The session on **Programming languages** provided participants with the following insights:

- A detailed understanding of Programming languages, its principles, and working mechanisms.
- Key applications of Programming across various domains, including healthcare, finance, and creative industries.

SESSION 3: AI Tools

Objectives:

- To provide participants with a comprehensive understanding of AI
- To enhance practical skills through interactive discussions and activities.

Key Takeaways:

Key Takeaways The session on AI provided participants with the following insights:

- A detailed understanding of AI, its principles, and working mechanisms.
- Key applications of AI Tools across various domains, including healthcare, finance, and creative industries.
