Enrolled Students	44
Event Objective	To provide candidates with insights into the company, its culture, and job roles, helping them prepare effectively for upcoming recruitment processes.
Event Summary	On August 2, 2024, final-year students at St. Wilfred's College of Computer Sciences attended a pre-placement presentation to help them become market ready. It took place at 11:30 a.m. at the College Auditorium, conducted by the Placement Cell of St. Wilfred's Computer Sciences in collaboration with 'Skilling India'. This orientation provided freshers with an opportunity to learn about the many work prospects offered by the company. This orientation was a success, and a campus recruitment drive for prospective fresher has yet to be scheduled. MCA BATCH SEM III Final Year students attended the program, and we at St. Wilfred's are entirely dedicated to growing young professionals who cannot only devise creative ideas and strategies but also adeptly manage technology. hashtag#stwc hashtag#talks Mahesh Kadam Skilling India hashtag#placementdrive hashtag#mcafeshers hashtag#stwcplacementcell hashtag#skillingindia
